

Questions

Q. Did they approach the EP in the inset of figure 1 (c)?

A. No. Except vertical lines, Other circles including EP are obtained from the fittings.

Q. What can be an impact on our acoustic work out of this article? What can be a noble point of ours?

A. Wave function imaging is obtained in our work, but is not in this article. Also, our system is integrable while two pair of coupled cavities are not integrable.

Q. Is this system able to be interpreted quantum-mechanically?

A. No. This is classical system.
